➤ *Volunteer in Your State Parks* ❧

Volunteers are the foundation of the work we do for State Parks. Without these dedicated individuals, our open spaces would cease to thrive. That is why **Stewards of the Coast and Redwoods** (Stewards) is pleased to offer a new year of volunteer opportunities where you can get involved with your State Parks!

Within this guide are opportunities for:

- Armstrong Redwoods State Natural Reserve
- Austin Creek State Recreation Area
- Sonoma Coast State Park
- Willow Creek Watershed

Together, we can build a sustainable partnership between people and their parks. We are honored to work with you!

➤ *Stewards Promotes, Protects & Restores* ❧ ➤ *Your State Parks* ❧

In 1985, a 600 million gallon sewage spill into the Russian River by the City of Santa Rosa prompted a group of passionate environmentalists to be concerned for the ecological repercussions. As a result, locals came together to monitor and protect the harbor seal colony and the first Stewards' program was born: Seal Watch.

Now going 34 years strong, Stewards has over 20 education, stewardship and citizen science programs available to the public. We are proud to be an environmental and interpretive nonprofit organization that works in partnership with California State Parks in the Sonoma-Mendocino Coast District to support volunteer, education and stewardship programs. We are comprised of an active Board of Directors, Executive Director, Administrative Staff, Programs Staff, Field Operations Staff and a growing network of 270 volunteers and 2,000 supporters.

➤ *How You Can Help* ➤

Our State Parks are able to thrive because of YOU! Your support helps engage students and the community in the important work of being good stewards of our natural and cultural resources. Together, we are able to educate and serve over 110,000 park visitors and 6,000 school children annually. Make a difference today by:

Giving a Tax-Deductible Gift

Preserve your State Parks by making a one-time gift or a monthly, quarterly or annual recurring gift. Options include:

- Providing general operating support or funding for a specific program
- Honoring or memorializing loved ones on a picnic table
- Giving appreciated stock
- Designate Stewards as a beneficiary on your IRA
- Donating items to our bi--annual auctions

Note: Monetary gifts of \$35 and above are eligible for membership benefits, and monetary gifts of \$500 or more receive two reservations to the annual Old Grove Festival.

Becoming a Member

As a member of Stewards you become part of our ongoing effort to preserve Russian River Area State Parks. Your annual membership provides sustainable funding that we count on each year. Membership benefits include a 20% discount in our Armstrong Redwoods and Jenner visitor centers and our Forest to the Sea Nature Store as well as reservations to our various annual events.

Becoming a Sponsor

Sponsorships help defray the costs associated with special fundraising events and activities. As a sponsor you receive acknowledgment and benefits throughout the year, including a presence on all Stewards promotional materials, our sponsor banner at special events, your business logo on our website, and special event reservations and vouchers.

Becoming a Volunteer

Want to be more involved? Stewards invites you to join one of our 20+ education, stewardship and citizen science programs. From natural resource management and animal protection to special event coordination and visitor services, we'll help you find the right fit! If you don't see a volunteer training listed in our brochure or on our website, please contact us (some programs offer one-on-one training or have limited availability).

Join us today at www.StewardsCR.org!

➤ *How to Register* ➤

Registering Online

Quickly access information and register for orientations, trainings, seminars, EcoAdventures and other events through www.stewardscr.org. For assistance, please contact our office. By registering you'll receive a reminder email with additional information and updates prior to the event. Applications for Summer Youth Programs can be downloaded online.

Registering Over the Phone

You may also sign up for all events over the phone at (707) 869-9177.

Drop-Ins

Early registration is encouraged prior to attending as this helps us gauge public interest, prepare materials, and keep in contact with you should there be any schedule changes. Drop-ins, however, are welcome. If you are a member of Stewards or bringing guests with you, please inform the staff member taking attendance at the event so they may adjust your fees accordingly.

Membership Discounts

Current Stewards members receive **FREE** attendance to one community education seminar (\$20 value) of their choice per membership year, plus a **20% discount** on other seminars, EcoAdventures, nature store items and our online shop. When registering online your membership discount will be deducted at checkout. Let a staff member know you are using your membership discount if you register by phone or in person.

Cancellation Policy

Please check your email often in case of event cancellations due to weather or other circumstances. Refunds are only given if we cancel or you cancel with 48 hours notice. Credit for future or rescheduled events may be given upon cancellation. Certification Courses may have a different cancellation policy.

➤ *One-On-One Trainings* ➤

Steward Ship/Mobile Marine Ed Van

In 2014, Stewards launched a new Marine Education Program that includes our engaging “Steward Ship.” The Steward Ship functions as a mobile marine education center that we park at various locations along the Sonoma Coast. In addition, we visit schools and community events, where our staff and docents educate the public as to how they can help steward our fragile natural and cultural resources. Get on-the-job training in basic interpretation, public relations, and marine science topics.

Visitor Centers, Welcome Center & Nature Store

Between our Visitor Centers at Armstrong Redwoods (ARVC) and Jenner (JVC), the Lizzie Armstrong Jones Welcome Center next to the ARVC, and the new Forest to Sea Nature Store (F2S) in downtown Guerneville, Stewards is looking to expand our awesome team of visitor service volunteers. This is your chance to meet people from all over the world while talking about your favorite parks! (Particular need for F2S volunteers on weekends. Volunteer shifts are flexible.)

Trail Crew

The Stewards Trail Crew has been assisting State Parks with trail maintenance, bridge building and other important projects since 1993. This active group, of men and women of all ages, comes together monthly to tackle stewardship projects in Armstrong Redwoods, Austin Creek, and at Sonoma Coast State Park, including the Willow Creek watershed. Under the expert leadership of Program Coordinator Bill Bambrick and Field Operations Manager Scotty Lawyer, the Trail Crew works hard to maintain and restore these beautiful open spaces. Volunteers may receive specialized training so they can operate restricted equipment, such as chain saws and drive state vehicles.

Special Events

Stewards puts on a number of outreach and fundraising events each year to promote our environmental ed and stewardship programs. Volunteers are needed to staff our resale booths, food and alcohol tents, and assist with event set-up. Get backstage access and other perks when you sign up to help!

Office Volunteers

Stewards has revitalized our Office Volunteer Program! With so many ongoing programs, we need extra help with orientation and training prep, pricing merchandise for our nature stores and other clerical duties that will relieve the busy workload of our staff. Volunteers are scheduled most days of the week in advance.

To get started, contact us at Stewards@StewardsCR.org!

≈ 2019 Schedule ≈

General Volunteers in Parks Program Orientation - Three Offerings

Fee: FREE

Meets: Saturday, January 26 or May 25 or September 7
10:00 AM - 12:00 PM
Armstrong Redwoods Volunteer Center/Stewards Office

Instructor(s): Stewards Staff & Program Coordinators

This General Orientation covers available volunteer opportunities in the southern Russian River Sector of the Sonoma-Mendocino Coast District. Meet our program coordinators and learn about the perks of volunteering.

*Note: One General Orientation is **REQUIRED** for all new volunteers.*

Snails, Slugs and Salamanders

Fee: \$16 members, \$20 non-members

Meets: Saturday, February 2, 9:00 AM - 12:30 PM,
Armstrong Redwoods Volunteer Center/Stewards Office

Speaker: Brian Lavin, Researcher SSU Department of Biology. Brian specializes in phylogenetic analysis, molecular phylogenetics. He can often be found giving talks about Giant Salamanders and Alligator Lizards.

This talk will cover the basics of the herpetological species of the Douglas Fir-Redwood Forest ecosystem including what species can be found, their life cycles and important information for educating visitors about these reclusive moisture lovers. This includes both a classroom and a field component.

Redwood Ed - Two offerings

Fee: \$16 members, \$20 non-members

Meets: Fri., February 8 or Sat., September 21, 9:00 AM - 12:30 PM
Armstrong Redwoods Volunteer Center/Stewards Office

Instructor: Mike Roa is a retired teacher and author of *Redwood Ed*, *A Guide to the Side of the Sea* and *The Conifer Connection* as well as other environmental resources.

Do you want to learn more about our magnificent Coast Redwoods? The workshop is especially useful for classroom teachers, docents and outdoor educators. Participants will receive a CD of Redwood Ed, a 400+ page guide to learning and teaching about redwoods. You will practice activities and increase your understanding of outdoor environmental education. Participants will also receive specimens and additional resources to use in their curriculum. (Be sure to bring a tote or large bag, or two!) A follow-up workshop called Hike with Mike, teaching the ins and outs of leading groups will be offered on April 5th.

Marine Mammal Seminar and Free Seal Watch Docent Training

Fee: \$16 members, \$20 non-members - Seminar only

Meets: Saturday, February 16, 9:00 AM - 12:00 PM,
1:00 PM - 3:00 PM - Seal Watch Training
Jenner Community Center

Instructor(s): Dr. Sarah Allen (Marine Ecologist for National Park Service)
Mary Follis and Greg Armstrong (Docent Training) Life-long
seal lovers and senior State Parks Volunteers

Find out about Dr. Allen's life work and passion! This classroom seminar will cover topics relevant to California's marine mammals (harbor seals, sea lions, elephant seals, and gray whales).

This seminar will be followed by a training for the State Parks Seal Watch volunteer program that gives you the opportunity to be a part of the protection, preservation and drama of the lives of these amazing marine mammals.

Tidepool Volunteer Orientation and Field Seminar

- Fee:** FREE
- Classroom:** Sunday, February 17, 10:00 AM - 1:00 PM
Jenner Community Center
- Field:** Sunday, February 17, 1:45 PM - 4:00 PM,
North Salmon Creek/Miwok Beach
- Instructor:** Hollis Bewley (Tidepool Program Coordinator)

Learn about advising the public on safe and sustainable navigation of the intertidal zone and how to model a respect for this fragile ecosystem. Aspiring docents will also learn about introducing school children, adults and beachgoers alike to the amazing life found within the intertidal zone. Peak low-tide months are April through June. Low Tide: 3:37 pm, -0.99

UC California Naturalist Certification Course

- Fee:** \$448.00 members, \$560.00 non-members (includes tuition & certificate, \$34.95 handbook sold separately in our e-store)
- Field Trips:** February 23
March 9
9:00 AM - 3:00 PM
Locations TBA
- Classroom:** February 21, 28
March 7, 14, 21 & 28
April 4, 11, 17 & 18
6:00 PM - 9:00 PM
Armstrong Redwoods Volunteer Center/Stewards Office/TBA
- Campout:** March 29 - 31
Bodega Dunes Campground & Bodega Marine Lab
- Instructor(s):** David Berman (Sonoma County Water Agency), Meghan Walla-Murphy (Ecological Consultant) & guest lectures (TBA)

This 40+ hour course combines classroom and field experiences. Discussion topics include geology, water, weather, soils, plants, forests, wildlife, interpretation, environmental issues, and citizen science. Students commit to weekly homework assignments and complete a capstone project of their choosing.

For more information contact Stewards at: (707) 869-9177 or kat@stewardscr.org.

Seabird Volunteer Monitoring Training

- Fee:** FREE
- Classroom:** Monday, February 25, 9:00 AM - 12:00 PM,
Jenner Community Center
- Instructor:** Hollis Bewley, Seabird Volunteer Program Coordinator

Community science is increasingly important. Stewards and State Parks community science volunteers monitor nesting seabirds along the Sonoma Coast, April through August, and document disturbances that compromise successful breeding. This training will introduce you to the work done by citizen science volunteers and help you get involved in this important task.

Birding for Beginners

- Fee:** \$16 members, \$20 non-members
- Meets:** Friday, March 1, 5:00 PM - 7:00 PM,
Armstrong Redwoods Volunteer Center/Stewards Office
- Instructor(s):** Hollis Bewley (Seabird Monitoring Program Coordinator and 10-year experienced State Park Volunteer)

Learn birding basics: how to spot birds, places to go, finding the best field guides and optics for taking up a new hobby.

Pinniped Monitoring Volunteer Training

- Fee:** FREE
- Meets:** Tuesday, March 12, 9:00 AM - 3:00 PM, Break for Lunch
Jenner Community Center, 10398 Hwy 1, Jenner, CA 95450
- Instructor(s):** Dr. Joe Mortenson (Biologist and Author), Jessica Martini-Lamb (Sonoma County Water Agency), Andrea Pecharich (Sonoma County Water Agency) & Stewards Staff

Pinniped Monitoring Program volunteers collect data to ensure the protection of harbor seals during Russian River estuary activities as they pertain to mandated work required by the Sonoma County Water Agency for the Biological Opinion. This orientation involves classroom training (9 am - 12 pm) and a site visit to review equipment and monitoring protocols (1 pm - 3 pm).

Tracking: Seeing Patterns on a Landscape

Fee: \$16 members, \$20 non-members

Meets: Saturday, March 16, 9:00 AM - 3:00 PM,
Bodega Dunes Campground

Instructor: **Meghan Walla-Murphy** (Ecological Consultant)

Meghan will share the discipline and mechanics of tracking while she delves into the “Art of Seeing.” Observe animal behavior by tracking in a non-invasive way to research and conserve wildlife, which leaves both observer and observed at peace.

Plants of the Redwood Forest

Fee: \$16 members, \$20 non-members

Meets: Friday, March 29, 10:00 AM - 1:00 PM,
Armstrong Redwoods Visitor Center

Speaker: **Peter Warner** (Botanical Consultant & former National/State Parks ecologist)

What kinds of flora inhabit Armstrong Redwoods? Come learn how to identify redwood sorrel, fetid adder's-tongue, trillium, calypso orchids, and other understory plants growing in the shadows of the world's tallest trees.

Hike with Mike - Two Offerings

Fee: \$16 members, \$20 non-members

Meets: Friday, April 5 or Saturday, October 5, 9:30 AM - 12:00 PM
Armstrong Redwoods Visitor Center

Instructor: Mike Roa is a retired teacher, who taught 4th through Post-Graduate. See full description on Page 7.

Over years of dedicated service, Armstrong Redwoods Docents have developed an effective curriculum to teach park visitors about redwood ecology. In this workshop, Mike Roa will share with you how to use this curriculum to lead Armstrong group tours of all ages. **Note:** This workshop is designed for Armstrong Docents and participants who have taken a Redwood Ed workshop. Others are welcome too.

General Sonoma Coast Volunteer Orientation

Fee: FREE

Meets: Saturday, April 6, 10:00 AM - 4:00 PM, w/hour lunch break
Bodega Bay Fire Protection District

Instructor(s): Sonoma Coast State Park Lifeguard, Jeffrey Smith (Stewards Volunteer), Dr. Sarah Allen, Ph.D. (National Park Service), Ryan Berger (WhaleAlert, Marine Mammal Center), Phil Warren (Marine Mammal Center), Bill Standley (Bureau of Land Management, CA Coastal National Monument), Paul Hobi (Seabird Protection Network & NOAA Marine Sanctuaries) & Hollis Bewley (Seabird & Tidepool Program Coordinator)

This orientation covers all of our Sonoma Coast programs, including Whale Watch, Pinniped Monitoring, Seal Watch, Seabird Monitoring, Tidepool, and Steward Ship. Topics will include ocean safety, marine mammal/seabird identification, reporting wildlife disturbances, how monitoring data is being used, dog policy and dealing with the public in a non-confrontational manner, and information about our affiliates at the Marine Mammal Center, California Coastal National Monument, and Seabird Protection Network.

Mushrooms of Armstrong Redwoods Field Seminar

- Fee:** \$16 members, \$20 non-members
- Meets:** TBD during Winter or Early Spring
Armstrong Redwoods Volunteer Center/Stewards Office
- Instructor:** Kingman Bond-Graham, SOMA President

The fungi found in forests dominated by Sequoia sempervirens and Pseudotsuga menziesii vary from Mycena at the beginning of our wet season to colorful Hygrocybe in midwinter and Craterellus in early Spring. During this excursion there will be opportunities to discuss the fruiting sequence as it varies every month. Come walk with Kingman, the president of the Sonoma County Mycological Association, as he discusses the types of mushroom and fungi that can be found in Redwood Forests.

Steward Ship/Mobile Marine Van Orientation

- Fee:** FREE
- Meets:** Tuesday, April 23, 10:00 AM - 12:00 PM,
1:00 PM - 3:00 PM - Driving Test
Armstrong Redwoods Volunteer Center/Stewards Office
- Instructor(s):** Stewards Staff

Do you want to make a difference at schools, fairs, festivals and community events by educating the public about Russian River State Parks, Stewards of the Coast and Redwoods and the diverse natural and cultural resources stewarded within by volunteers? Are you interested in driving the Steward Ship and/or just participating in retail sales at festivals that reach a broad public on issues of education, conservation and stewardship? Attend this orientation to learn how.

Sonoma Coast Wildflowers

- Fee:** \$16 members, \$20 non-members
- Meets:** Saturday, April 27, 9:00 AM - Noon
Carlvaro Way parking lot, just south of Shell Beach
- Instructor(s):** Dr. Laura Morgan (Naturalist & Author of Three Jewels: A Field Guide to Three West Sonoma County Trail Systems)

A great opportunity to join naturalist Laura Morgan for a Wildflower Hike on Sonoma Coast. Park in the lot just south of Shell Beach, off Carlevaro Way. The hike will go up to 3 miles north to Blind Beach. Participants can hike as far as they feel comfortable. Families with kids are welcome (no charge for kids under 13). Hikers would need to bring fluids and bag lunches. Significant rain cancels.

Pond Farm Docent Training

Fee: FREE

Meets: Saturday, May 18, 9:00 AM - 12:00 PM, Armstrong Redwoods Volunteer Center/Stewards Office

Instructor(s): Michele Luna (Executive Director) & Stewards Docents

Learn about the inspiring history of Pond Farm Pottery and the life's work of Marguerite Wildenhain, first woman master potter from the Bauhaus in Germany. Docents will be trained to give tours at Pond Farm Pottery.

Exploring the Intertidal Field Seminar

Fee: \$16 members, \$20 non-members

Meets: Sunday, May 26 10:00 AM - 12:00 PM
North Salmon Creek Beach / Miwok

Instructor(s): TBD

Join a lively session of tide pool exploration along the Sonoma Coast. Dress in layers and bring water-friendly shoes. This seminar is geared toward adults, but children over 7 years are welcome with parental supervision. LT - -0.35 @ 12.27pm.

Coastal Bird Field Seminar

Fee: \$16 members, \$20 non-members

Meets: TBD in the Spring of 2019
Goat Rock State Beach

Instructor(s): TBD

Walk with a knowledgeable naturalist and learn about the most prevalent birds that inhabit this area.

≈ 2019 Summer Camp Programs ≈

Austin Creek Teen Backpack Camp (13 to 15 year olds)

Fee: \$300, no discounts, scholarships are available, limited to 15 participants

Meets: June 18, 8:00 AM on to June 21, 3:00 PM
Armstrong Redwoods Volunteer Center/Stewards office

Camp Leaders: Hut Wade and Kat Rawhouser

With Mannings Flat serving as base camp, 15 participants will engage in learning stewardship values (Leave no Trace) and safety and survival backcountry and camping skills. Program components include nature walks, swimming in Gilliam Creek, workshops on climate and ecology (including fire ecology) on human impacts on the ecosystem, and carrying out a service project. Journaling, team building/leadership and land navigation exercises and challenges will be integral to the week's program, as will putting what campers have learned into practice. Reflections during an evening program will cap off each day.

Sonoma Coast Teen Backpack Camp (July 30 to August 2) See page 15.

Forest to the Sea Day Camp (9 to 12 year olds)

Fee: \$75, no discounts, scholarships are available, limited to 20 participant

Meets: Monday, July 8 to Friday, July 12 - (M-W) 8:30 AM to 4:00 PM
Thursday Night Campout - Pick up at 1:00 PM on Friday
Parent/guardian drop-off and pick-up required at different west Sonoma County State Park locations
Bring your own lunch (campout meals will be provided)
Camping gear provided

Camp Leaders: Kat Rawhouser and Hut Wade

Join Stewards of the Coast and Redwoods for an exciting week-long summer program combining learning & play in the outdoors! Forest to Sea campers get to explore nature, make new friends, do arts & crafts, and experience an optional night of tent camping at Bullfrog Pond Campground. Activities will take place in a different park each day, including Armstrong Redwoods, Sonoma Coast, and Austin Creek. Topics will include ecology, biology, geology and history of our beautiful parks.

More information: Stewards at: (707) 869-9177 or kat@stewardscr.org.

Wilderness First Aid Certification Course (NOLS)

Fee: \$188 for members, \$235 non-members

Meets: Saturday and Sunday, June 29 & 30,
7:45 AM - 5:00 PM,
Bring a lunch each day
Armstrong Redwoods Volunteer Center/
Stewards Office

Instructor: Daniel De Kay (WEMT)

Learn how to assess and provide first aid treatments for common injuries and illnesses. Instruction takes place both in the classroom and in outdoor settings regardless of weather conditions. Participants must be 16 years of age or older. No previous first aid training is required. Successful course completion earns a NOLS Wilderness First Aid certification (valid for two years). CPR not included. Additional course details are available on the reservation page. This course is limited to 15 participants.

Sonoma Coast/Pomo Canyon Teen Backpack Camp (13 to 15 year olds)

Fee: \$300, no discounts, scholarships are available, limited to 15 participants

Meets: July 30, 8:00 AM to August 2 ,3:00 PM
Shell Beach, Sonoma Coast State Park

Camp Leaders: Hut Wade and Kat Rawhouser

With Pomo Canyon Campground as homebase, this program will invite 15 participants to focus on the interrelationships among redwood, watershed and coastal ecology. Program components include hikes and naturalist-led walks to explore and compare redwood forest and oak woodland ecosystems and interconnections with the watershed they share; visiting the mouth of the Russian River to learn about the ocean migration of anadromous fish; understanding connections to marine environments through intertidal exploration and kayaking, and understanding human impacts related to marine debris. Journaling, photography, team building and leadership opportunities will be included.

Watershed Education Program Training

Fee: FREE for Members and Docents

Meets: Thursday, August 29th, 10:00 AM - 2:00 PM
Armstrong Redwoods Volunteer Center/Stewards Office

Instructor(s): Staff and experienced docents

Learn to lead students in interactive watershed citizen science activities.

Roving Docent Training

Fee: Free

Meets: Monday, September 23, 9:00 AM - 12:30 PM,
Redwoods Volunteer Center/Stewards Office

Instructor: Kat Rawhouser

This training will go over logistics and expectations for your interactions with the public as representatives of both Stewards of the Coast and Redwoods and State Parks. If you are a current Roving Docent or are interested in becoming a State Parks Roving Docent we highly recommend you attend this training. Gain the knowledge you need to be a freely roving docent as well as connect with other roving docents throughout lower Russian River State Parks.

Sonoma Coast Ecosystems Hike/ Sonoma Coast Docent Training

Fee: FREE for Members and Docents

Meets: Saturday, October 19, 9:00 AM - 4:00 PM
Shell Beach Parking Lot, Hwy 1, CA 95450

Instructor(s): Laura Morgan (Author of The Three Jewels)
Breck Parkman (Retired Senior State Park Archeologist)
Scott Lawyer (Geologist & Stewards Operations Manager)

Learn about the botony and flora of the Sonoma Coast, the pre-history of our coastal plains lands and the unique geologic history, landforms, plate tectonics and their significance on our coast during this popular and engaging seminar that doubles as a docent orientation.

Whale Watch Training

Fee: FREE

Meets: Saturday, November 9, 9:30 AM - 1:30 PM,
Bodega Bay Fire Protection District, Bodega Head

Instructor(s): Volunteer Program Coordinators

The Whale Watch Public Education Program was started in 1986 by Whale Mother, Bea Brunn, as a response to the public's growing concern and awareness of the fragile relationship with the dwindling population of remaining whales. In this training, you will learn about Pacific Gray Whale physiology, migration, breeding habits, and other facts to share with the public. Docents are stationed at Bodega Head on weekends from January through June.

Two Resource Management Field Seminars

Fee: \$16 members, \$20 non-members

Meets: Dates TBD
Redwoods Volunteer Center/Stewards Office

Instructor: Brendan O'Neil, State Park Senior Environmental Scientist

Stay tuned for two engaging and interesting seminars with Brendan O'Neil about 1) The State of our Forests (Forest Management and Fire Ecology) 2) Sonoma Coast and Climate Change (Erosion and Sea Level rise).
